Failure to provide due process and
 violations of inalienable, civil and human
 rights and RICO. All are violations of 18
 USC 3571 and other codes, thus of my
 inalienable rights guaranteed by our
 Constitution. During the unlawful conduct
 in their courts and in their paperwork proof
 of and incontrovertible evidence in their
 own records of violation of governing law.
 SCOTUS case law is law for all inferior
 courts. Thus my/our rights as/for
 Oregonians, non US citizens, free
 inhabitants, and others as they are
 identified have been violated.

A Traverse on orders submitted to these
 cases. This person, John C. Coughenour, is
 a defendant and has not filed any
 documents into these cases proving his
 jurisdiction. Nor has he provided other
 required info. That, is why he is a
 defendant.

I do lawful not legal and this is my best effort. Filed into the record in courthouse 740 at The 1000 SW 3rd Ave location. All the documents, I have filed, are active. I need not state all that information again.

However I must respond!!!

I deny John C. Coughenour has standing in any case of mine. This demand has been entered into the record and not addressed in writing into the records of each case.

I deny I have a propensity for filing frivolous lawsuits; I never file a pleading; and do not have a blatant disregard for both Local and Federal Rules. Ney, I say that the court, judiciary and clerical fail to provide me with my Constitutional guarantees.

I deny John's authority to order me to show cause. John has not fulfilled his obligations to governing law. Then, he harps at me about showing cause for no vexatious litigant order.

I find it incredible that this color of law legal fiction persist. What part of complying with governing law, not your rules is incomprehensible? Notify me and I will provide more documentation. The court that is not a lawful court, it is on Oregon, renting space. The judiciary will not comply with governing law and many have been filed into the records. The several judges, magistrates and clerks of the court are defendants. All charged with violations of my due process 18 USC 3571...

I deny 14 days is sufficient time to respond.

I deny any fees. The US Supreme Court has ruled that a natural individual entitled to relief is "entitled to free access to its judicial tribunals and public offices in every State of the Union(2 Black 620, see also Crandell v Nevada, 6 Wall 35]. Plaintiff (libellant) should not be charged fees or costs for the lawful and Constitutional Right to petition this court in this matter in which he/she is entitled to relief, as it appears that the filing fee rule was originally implemented for fictions and subjects of the State and should not be applied to the Plaintiff who is a natural individual and entitled to relief (Hale v Hinkel, 201 US 43, NAACP v Button, 371 US 415); United Mineworkers v Gibbs, 383 US 715; and Johnson v Avery, 89 S.Ct. 747 (1969). Members of groups who are competent non- lawyers, can assist other members of the group, achieve the goals of the group in court without being charged with "unauthorized practice of law." Petitioner (libellant) cannot be charged a fee as no charge can be placed upon a citizen as a condition precedent to exercise his/her Constitutional Rights, his/her rights secured by the Constitution. A fee is a charge "fixed by law for services fixed by public officers or for use of a privilege under control of government." Fort Smith Gas Co. v Wisemen" 189 Ark.675 74 SW.2d 789,790, from Black's Law Dictionary 5th Ed.

My status is filed into the record. It is known who I am and there has been to rebuttal. Therefore, All that I have filed into these cases stands as fact.

62 Today I received a threat(s) from John C. Coughenour, it was in the form of a copies of an order
63 to dismiss and show cause why a vexatious litigant order should not be entered. This was for all
64 the cases listed above.

65 John has not provided proof of jurisdiction into the records of this case. That is a requirement of
66 one of the people entering as pro-se. If I am required to enter this court on this case! Then the
67 judiciary, clerical, and others involved must provide me with the governing law's demands of
68 those in my pro se court.

69 Is a definition of insanity doing the same thing over again, when the first option was wrong to
70 start with??

71 As an example: in the communiqué of 29 August 2017 John is dunning me for money on 17-mc-
72 0323-JCC and I have the receipt that Kam paid. This is the second time that error has been made.

73 As an example: sua sponte has been rejected in writing by me and it appears again. It is on every
74 document erroneously accepted, by clerical, into each case by John. John has not provided proof
75 of jurisdiction to governing law thus, no standing. Nor has the other requirements been entered

76
77 I reiterate as correspondence has crossed in the mail.

78
79 Where do you, US citizens get your privileges? Why, from the 14th amendment! I'm told. I am
80 an American State National, a non US citizen.

81 I deny your privileges. To all US Inc. et al. The city of is a subdivision of, the county of is a
82 subdivision of, the state of is a subdivision of, the Lincoln/FDR corporate governance. circa
83 1861/1933 on or about.

84 I deny there is a 14th amendment. 1. All those involved are dead. It is a nullity. It is legislative
85 intent that is governing law. Not the legal fiction. 2. It was never ratified. It was only said to be
86 ratified. However, the documentation disproves that. There is no corporation of the Lincoln era,
87 there is no corporation of the FDR era. The corporate governance is a legal fiction. I deny it.

88 I deny the 13th amendment that is coupled with the 14th. 1. There is an existing 13th named
89 TONA. That is governing law and not bogus. I deny that the 13th TONA was not ratified. Proof
90 exist that it is authentic and all proof against is legal fiction, color of law, Fraud.

91 I deny the corporate governance of the legislature since 1861 consisting of the Senate and the
92 House of the Constitution of the United States of America circa 1819 through 1860-61. What is
93 being presented is color of law, legal fiction, fraud. I demand remedy!!!

94 I deny the federal Article III judiciary since 1991. This is due to legal fiction, color of Law,
 95 fraud, starting with district court of Oregon Portland. Others to be added. I suggest RICO. That
 96 includes the AG/ DOJ. I demand remedy.

97 As I understand this lawful position. The governance that is incorporated is not government. The
 98 government operated by the Declaration of Independence 1776, Articles of Confederation still 4
 99 corners on the table. Which, is overlaid with the Constitution of the United States of America?
 100 That document is so convoluted it is a travesty. That did not get sorted out until 1819 and then
 101 we operated as a Constitutional Republic 41 years.

102 We the people have had color of law, legal fiction since sine di 1861. Maybe that starting with
 103 Abe's election, 1860. How did an attorney get elected to POSTUS? Congress, yes as they make
 104 their own rules to govern themselves. There are some questions as to the lawful assumption of
 105 the office of the President of the United States of America. This needs to be sorted out with
 106 Donald J. Trump the current, alleged Postus. As there may be three distinct Presidents and they
 107 may not all be in service.
